## Brown Rice Huskers *F series*

FC2R / FS20R / FSE28R

**FC2R**

IMPELLER BROWN RICE HUSKERS: **F SERIES**

### Brown Rice Huskers

for research,  
immediate usage,  
small scale use

Compact type that can be used with  
standard household power supply.

## Fseries

Brown Rice Huskers for: research,  
immediate usage, small scale use

### FC2R

Research

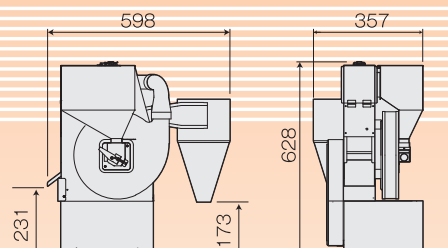

60~120 kg/h

only a handful is possible!  
Great for research and testing!

| Model                              | FC2R                             |
|------------------------------------|----------------------------------|
| Length, Width, Height (mm)         | 598×357×628                      |
| Weight (kg)                        | 23                               |
| Hopepr volume (kg)                 | 3.5                              |
| Main shaft rounds per minut (RPM)  | 3,200~3,900 (Standard rpm 3,500) |
| Standard working efficiency (kg/h) | 60~120kg/h                       |
| Motor                              | 100V/250W                        |

Option: Input hopper (volume 10kg)

### FS20R

immediate  
usage

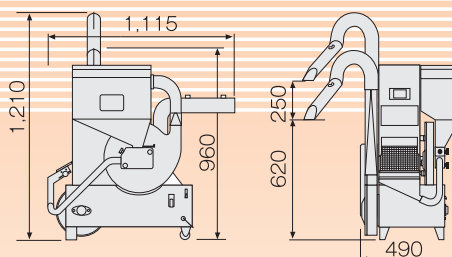

180~240 kg/h

Ideal for checking incoming rice at  
rice centers and country elevators

| Model                              | FS20R-SM                         |
|------------------------------------|----------------------------------|
| Length, Width, Height (mm)         | 1,115×490×960                    |
| Weight (kg)                        | 54                               |
| Hopepr volume (kg)                 | 14                               |
| Main shaft rounds per minut (RPM)  | 2,300~2,800 (Standard rpm 2,600) |
| Standard working efficiency (kg/h) | 180~240kg/h                      |
| Motor                              | 100V/500W                        |

Option: Input hopper (volume 30kg)
